Headteacher: Hayley Marshall

Dear Parents / Carers,

### Fidget Spinners and other toys

Some pupils have recently been bringing small toys into school. We have experienced various cases of upset children when toys brought to school, from home, have become lost or broken. Whilst we do not want to discourage children from bringing items to play with at lunchtime or break we do need the children to be responsible for them. If children are unable to do this or are playing with them during lessons we will confiscate them and you as parents/carers will need to collect them from the class teacher.

### PE Kit

At Iveson we consider PE to be an extremely important part of the curriculum. All pupils have the opportunity to participate in active PE lessons twice per week. This is an integral part of both physical, social and emotional development; preparing pupils for success. It is therefore essential that every pupil has the correct PE kit available to them in school. Timetabled days of taught PE lessons are available through the Class Pages on our school website. PE kits can remain in school for the half term (returning home periodically for washing). All pupils should have a full PE kit, including plain white t-shirt, black shorts or tracksuit bottoms and suitable footwear.

If you have any questions regarding PE kit or any issues with providing this, please do not hesitate to contact us at school.

Regards,

Michael Everett  
Assistant Headteacher  
Iveson Primary School
