Iveson Primary School WhatsApp - 07729 897497

Dear Parents,

As a school we are always looking for ways to improve our communication with parents.

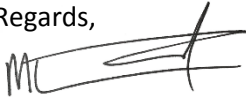

We have received feedback from parents and have decided to start using WhatsApp to communicate directly with you. This will mean that we can now send electronic copies of letters to your phone. WhatsApp will also provide us with a platform to effectively share important information in a secure and convenient way. In order to ensure that this service works correctly, we ask that all parents save our number to their phone (this will prevent messages being blocked).

You should receive a WhatsApp message soon; we will send this to the primary mobile contact number we have in school for your child/children. If you do not receive a message or your number has changed, please inform the school office.

For parents without access to WhatsApp we will still be able to send an SMS text message to you, however, this will remain a limited service.

For further information, please check the Parent Page on our school website.

Regards,

Michael Everett
Assistant Headteacher
Iveson Primary School.
