Your child will receive £10 from Leeds City Council when you open an account today!

Dear Parent/Guardian

I am pleased to inform you that Iveson Primary School in partnership with Leeds City Credit Union, run a School Savings Club.

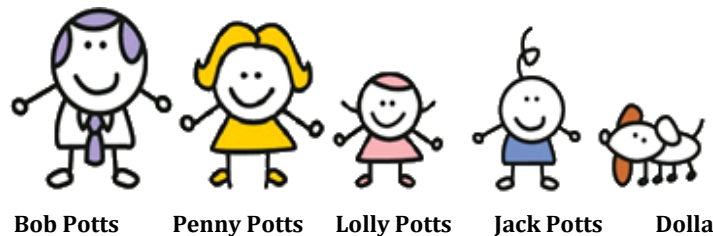

The Savings Club runs every Wednesday.

With Payday Lenders becoming increasingly popular and the government cuts to all vital facilities within our day to day living, the First Savers Club is a great way to ensure your child has the best start in adult life and teaches them skills that they can use in the future.

To also add to the excitement as your child is currently in year 3, Leeds City Council will generously start your child's saving with an additional £10* when you open the account before the end of summer term.

A great thing about opening the account with the Credit Union is that there are **no minimum requirements** to this account and with each deposit, however small; your child will earn rewards.

Leeds City Credit Union has introduced a new fun way for children to save and would like you to say hello to "The Potts Family".

Bob Potts Penny Potts Lolly Potts Jack Potts Dolla

All children joining the savings club will receive their own savings card and have the chance to collect all 5 Pott Family stickers. When all the five stickers have been collected your child will receive a special badge of "Dolla" the dog!

If you would like your child to join the Savings Club and receive the **amazing £10** to kick start them saving, please complete the slip on the reverse of the letter and hand it in to Mandy Scott at the school office.

Yours Faithfully,

Mandy Scott

Jordan Francis
Schools Co-ordinator

Mandy Scott
Family Support Worker

**Your child must leave at least £10 in the account until the end of year 6 to withdraw the £10 provided by the council. They must also just make one additional deposit other than the £10 given by the council.*
